OVERVIEW OF THAILAND(Phuket - Krabi)

- Thailand is a country on Southeast Asia's Indochina peninsula known for tropical beaches, opulent royal palaces, ancient ruins and ornate temples displaying figures of Buddha, a revered symbol.
- The name of Phuket is derived from bukit in Malay which means "mountain". Before that, the old name was Talang which means "cape".
- The island runs a length of 48 kilometres and lies on the southern part of Thailand.
- The western side faces the coastline of the Andaman.
- A pair of short road bridges keeps Phuket suspended from Phang Nga Province's southern tip.
