Overview

- Dubai is a city in the United Arab Emirates known for luxury shopping, ultra modern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. On man-made islands just offshore is Atlantis, the Palm, a resort with water and marine-animal parks.
- Climate :- Moderate climate is found between October and March when days are sunny and pleasant (Average Temperature - 26 C). Nights are Cool (average temperature is 15 C) Summer is between April and September,
- Best time to visit :- The best time to visit Dubai is from October to April. Weather-wise, Dubai really only experiences two seasons: hot and hotter. During the winter months, the city sees blue skies and primo beach weather. However, this is also peak tourist season, so expect plenty of company on Jumeirah Beach. You can escape the crowds if you visit during the summer months, but be prepared for triple-digit temps and high humidity levels.

Topography

- Dubai is situated on the Persian Gulf coast of the United Arab Emirates. Apart from being a city, it also forms one of the seven emirates of the country. It is roughly at sea level (16 m or 52 ft above). The emirate of Dubai shares borders with Abu Dhabi in the south, Sharjah in the northeast, and the Sultanate of Oman in the southeast. Hatta, a minor exclave of the emirate, is surrounded on three sides by Oman and by the emirates of Ajman (in the west) and Ras Al Khaimah (in the north). The Persian Gulf borders the western coast of the emirate.
