Overview

- In Sri Lanka there are more than 50 sites related to Ramayana, the great Indian epic read and loved by many of the Asians.
- Ramayana has fascinated many generations, and had a profound impact on art and culture in the Indian subcontinent and Southeast Asia. Sri Lanka shares a special bond with India geographically, historically, culturally and spiritually - The Ramayana is one such link.
- People living in the areas where these events took place, still remember the connection of their village to the great history of Ramayana. Village court at the area where Seetha devi undertook "Agni Pariksha" is still considered valid if oaths taken at that place. The soil of the battlefields of Ramayana is still remains in red colour surrounded by lighter coloured soil. A photograph capturing the silhouettes of several fishermen perched on tall wooden stilts in the ocean. The scene is set against a vibrant, golden sunset sky, with the sun low on the horizon. The fishermen are holding long, curved fishing nets that extend into the water. The water's surface is textured with small waves, and the overall atmosphere is serene and traditional.
